RaaVlaNCe 2026

NIT Delhi

26th OCT to 5th NOV

about NIT DELHI

National Institute of Technology Delhi is an Institute of National Importance established functioning under the Ministry of Education, Government of India. Located in Delhi, the institute is one of India's premier NITs and offers UG, PG & PhD across 8+ departments, with a vibrant community of 1,700+ students.

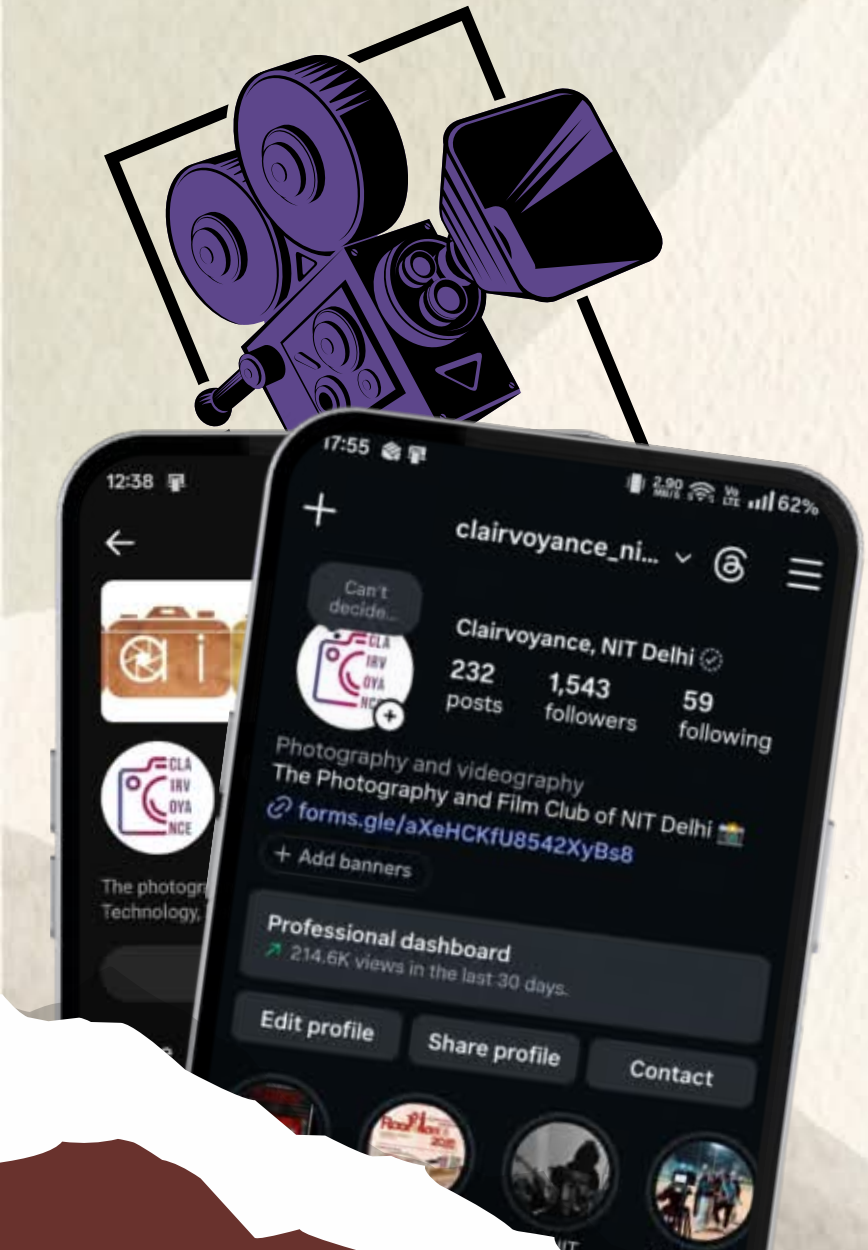

NIT Delhi brings together some of the top academic talent from across India, creating a highly driven and diverse student community. The institute has also been recognised as 6th best NIT among all in India, reflecting its growing academic and institutional standing.

Beyond academics, NIT Delhi has a strong culture of innovation, entrepreneurship, technology, creativity, and student-led initiatives, with a year-round calendar of technical, cultural, sports, and creative events.

For brands, NIT Delhi offers a direct opportunity to engage with a young, aspirational, and digitally active audience in the National Capital, through campus activations, workshops, competitions, product experiences, events, and digital campaigns.

about CLAIRVOYANCE

Clairvoyance is the official photography and film club of NIT Delhi, with a community of 45+ active members working across photography, cinematography, filmmaking, and visual storytelling. The club plays a key role in documenting campus life and has covered 50+ events in a single semester, building strong visibility across the institute.

Throughout the year, We organize competitions, photowalks, workshops, exhibitions, screenings, and creative events, while collaborating with brands and student communities. Our collaborations extend beyond NIT Delhi, our recent inter-college collaborations with DTU, IIM Indore, and Delhi University have helped us extend our reach to wider student audiences across campuses.

With 210K+ profile views, 11K+ interactions, 1.5K+ followers on Instagram, our digital presence offers sponsor brands visibility across a growing network of students, creators, and photography enthusiasts from multiple institutions.

about RADIANCE

Radiance is NIT Delhi's flagship annual creative festival, bringing together 10 days of workshops, competitions, photowalks, and creative experiences across photography, cinematography, filmmaking, graphic design, and visual storytelling.

The festival features expert-led workshops, inter-college collaborations, and open photography and filmmaking competitions hosted on Unstop, welcoming participants from colleges across India. With multiple campus collaborations and a diverse participant base, Radiance provides sponsor brands with opportunities for high-visibility branding, audience engagement, product showcases, workshops, and direct interaction with students and emerging creators.

RADIANCE 2025 EXHIBITION

our PAST SPEAKERS

Radiance has long been a creative platform for students, especially freshers, to explore and learn across diverse visual art domains such as photography, filmography, video editing, and graphic design. The event features focused workshops, each lasting about two hours, designed to blend conceptual learning with hands-on experience. Our past speakers include :

- **Ayush Krishna Tripathi** - Internationally acclaimed photographer, UNESCO honoree and President's Award (Australia) recipient, with work exhibited in 15+ countries and featured by the Photography Society of Israel.
- **Gaurav Doliya** - Graphic & Motion Designer and VFX Instructor, with 7+ years of industry and teaching experience, joining us from Dice Academy with 55K+ followers.
- **Shivam** - Filmmaker, Writer, Director & Editor and Founder of Feelmey, specialising in storytelling and visual narratives.
- **Anurag Roy** - Cinematographer, Drone Pilot, Editor & Photographer from Feelmey, specialising in visual storytelling and travel filmmaking.
- **Nitin Chandra** - A veteran Photographer, Educator and former Adobe India developer, specialising in Macro & Nature Photography, joining us from OM System.

For Radiance 2026, we aim to build on this legacy by inviting more accomplished speakers and creative experts to conduct interactive, practice-oriented workshops. This year's sessions will emphasize experiential learning, allowing participants to engage directly with mentors, apply creative techniques in real time, and gain deeper insights into the evolving world of visual storytelling.

National Level Competitions

powered by unstop

A national-level celebration of photography, filmmaking, and visual storytelling, bringing together college photography and film clubs from across PAN India

Film Making Competition

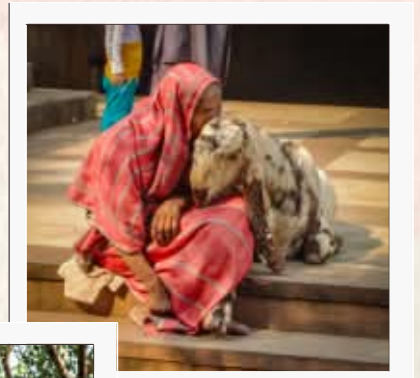

₹22K+ Prize Pool

Zero Registration Fee

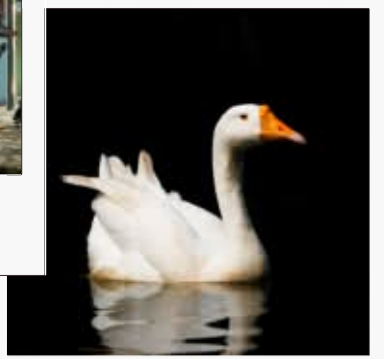

PAN-India Participation

Theme-Based Photography Competition

Building on the success of last year's edition, Radiance returns with the same spirit - a larger platform, wider participation, and more opportunities to showcase student talent.
